

SAFETY DATA SHEET

Issue Date: 19-November-2019

Revision Date: NA

Section 1: Identification

Product Name: Dish Soap

Chemical Name/Synonyms: Dish Soap

Company: Olympic Mountain Products, 8655 S. 208th St., Kent, WA 98031

Telephone Number: 253-850-2343 Between the hours of 8:00am-4:00pm

Recommended Use: Dish Soap

Uses Advised Against: No information available

In emergency call 911.

For information about this SDS, contact: 253-850-2343

Section 2: Hazard(s) Identification

Hazard Classification:

3 – Skin corrosion/irritation

Signal Word(s): Warning

Hazard Statements:

H316 – Causes mild skin irritation

Pictograms:

None

Precautionary Statements:

P332 + P313– If skin irritation occurs: Get medical advice/attention

Description of other hazards: No Data Available

Section 3: Composition/ Information on Ingredients

Chemical Name	Synonym	CAS#	Conc.
Water		7732-18-5	50-80%
Cocoamidopropyl hydroxysultaine	Amphosol CS-50	68139-30-0	5-20%
Sodium Lauryl Ether Sulfate		68585-34-2	5-20%
Sodium Chloride		7647-14-5	1-5%
Fragrance		Various	0.1-3.0%
Sodium Benzoic Acid		0000532-32-1	0.05-0.5%
FD&C Dyes		Various	<0.01%

The exact percentage (concentration) of composition has been withheld as a trade secret.

Section 4: First-Aid Measures

General: If medical advice/attention is needed, have this safety data sheet or label at hand and seek medical advice immediately.

Inhalation: If inhaled, remove to fresh air. Contact a physician.

Eye Contact: Flush immediately with cold water for at least 15 minutes. Remove contact lenses. Seek medical advice if symptoms persist or develop.

Skin Contact: Wash affected areas with water. Seek medical advice if symptoms persist or develop. Remove contaminated clothes

Ingestion: Do NOT induce vomiting unless advised by poison control or physician. Never give anything by mouth to an unconscious person. Seek medical attention immediately. Rinse mouth with water.

Most important symptoms and effects, both acute and delayed: No information available

Indication of immediate medical attention and special treatment needed: No information available

Section 5: Fire-Fighting Measures

Suitable extinguishing agents: Not applicable, non-combustible. Water is a suitable extinguishing media

Specific hazards arising from the chemical: During fire, gases hazardous to health may be formed

Special protective equipment for firefighters: Self-contained breathing apparatus with full face piece operated in a pressure demand or positive pressure mode.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures: Avoid skin and eye contact. Ensure proper ventilation.

Measures for environmental protection: While this product is not harmful to the environment, it is desirable not to release large concentrated quantities into the environment.

Measures for cleaning/collecting: Soak with paper or similar absorbent material. Discard in suitable waste container and dispose in accordance with regulations. Clean surface thoroughly to remove residual contamination.

Section 7: Handling and Storage

Handling: Exercise reasonable care, caution, and good industrial hygiene practices. Avoid contact with eyes and skin. Wear appropriate personal protective equipment (see section 8).

Storage: Store in original closed container in a cool place away from pets and children.

Section 8: Exposure Controls/Personal Protection

No occupational or biological exposure limits noted for ingredient(s).

Chemical Name	OSHA PEL	OSHA PEL (ceiling)	ACGIH OEL (TWA)	ACGIH OEL (STEL)

General protective and hygienic measures: Avoid high temperatures. Ensure appropriate ventilation is present where product is used. Wash hands after using.

Breathing equipment: In case of insufficient ventilation, respirators should be selected based on the form and concentration of contaminant in air and in accordance with OSHA (29 CFR 1910.134). Usually not required.

Protection of hands: When contact is likely, wear protective gloves and clothing

Eye protection: Use goggles or face shield when eye contact might occur

HMIS PPE Code: B (Safety glasses, gloves)

Occupational Exposure Limits: Have not been established

Section 9: Physical and Chemical Properties

Physical State: Liquid

Color: Various transparent

Odor: Various (per label)

Odor threshold: No Data Available

pH @ 20C: No Data Available

Melting point/melting range: No Data Available

Boiling point/boiling range: No data available (expected 212F/100C)

Flash point (TCCC): None to boiling

Evaporation rate: No Data Available

Flammability: No Data Available

Upper/lower flammability or explosive limits: Product does not present an explosion hazard

Auto ignition temperature: Product is not self-igniting

Danger of explosion: Product does not present an explosion hazard

Vapor pressure: No Data Available

Relative Vapor density (air =1): >1

Relative density: No Data Available

Solubility in/Miscibility with water: 100% Soluble

Section 10: Stability and Reactivity

Reactivity: The product is stable and non-reactive under normal conditions of use, storage and transport.

Chemical stability: Material is stable under normal conditions and recommended use.

Conditions to avoid: Contact with incompatible materials.

Incompatible materials: Avoid contact with strong acids, alkalis, or oxidizing agents.

Hazardous decomposition products: None known.

Section 11: Toxicological Information

This mixture has not been subjected to toxicological testing as a whole. The available data on the raw materials has been used to establish the health classification. Acute Toxicity Estimates for individual ingredients has been used, where appropriate.

Acute Toxicity – Oral – Calculated LD50: not applicable - the classification criteria has not been met

Acute Toxicity – Dermal – Calculated LD50: not applicable - the classification criteria has not been met

Acute Toxicity – Inhalation – Calculated LC50: not applicable - the classification criteria has not been met
Skin Corrosion/irritation: Causes mild skin irritation.
Serious Eye Damage/irritation: not applicable - the classification criteria has not been met
Respiratory or Skin Sensitization: not applicable - the classification criteria has not been met
Germ Cell Mutagenicity: not applicable - the classification criteria has not been met
Carcinogenicity: not applicable - the classification criteria has not been met
Reproductive Toxicity: not applicable - the classification criteria has not been met
Specific Target Organ Toxicity – Single Exposure: not applicable - the classification criteria has not been met
Specific Target Organ Toxicity – Repeated Exposure: not applicable - the classification criteria has not been met
Aspiration Hazard: not applicable - the classification criteria has not been met

See Section 2 for additional health hazards.

Section 12: Ecological Information (non-mandatory)

Toxicity: This mixture has not been subjected to environmental toxicologic testing as a whole. The available data on the raw materials has been used to establish the environmental classification
Environmental Hazard Aquatic (Acute): No Data Available
Environmental Hazard Aquatic (Chronic): No Data Available
Persistence and Degradability: No Data Available, this product is expected to be readily biodegradable.
Bioaccumulative Potential: No Data Available
Mobility in Soil: No Data Available
Other Adverse Effects: No other environmental effects (ex: ozone depletion, photochemical ozone creation potential, endocrine disruption, global warming potential) are expected from this product/

Section 13: Disposal Considerations (non-mandatory)

Dispose according to local, state, and federal regulations.
Handle per instructions under sections 6 thru 8.

Section 14: Transport Information (non-mandatory)

No regulated as dangerous goods

Section 15: Regulatory Information (non-mandatory)

OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050): Not listed
SARA Section 311/312 (hazardous chemical): No
SARA Section 313 (specific toxic chemical listings): Not regulated
Clean Air Act, Section 112 Hazardous Air Pollutants (HAPs): Not regulated
TSCA (Toxic Substances Control Act): Not listed
California Proposition 65 List: No constituents listed
Minnesota House Bill HF458: Compliant

Section 16: Other Information

Disclaimer: The information provided by Olympic Mountain Products in this Safety Data Sheet was written to the best of our knowledge, information, and belief at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal, and release and is not intended to be considered a warranty or quality specification. It is the responsibility of the user to review all safety information about this product and determine its safety and suitability in their own processes and operations. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process, unless specified in the text. Appropriate warnings and safe handling procedures should be provided to all handlers and users. Olympic Mountain Products shall not be held liable for any damage resulting from handling or from contact with the above product.
